

Dear Professor Liya Palagashvili (as private and confidential)

Course Evaluation Results - Spring 2017

Attached are PDF files which summarize your Spring 2017 student course evaluations. This email should contain one attachment for each course you taught. In each file, the overall indicator is listed first. It consists of the following scales:

- Course Evaluation
- Instructor Evaluation
- **Overall Response**
- **Relative**

The overall indicator is followed by the individual average values of the scales mentioned above. In the second part of the analysis, the average values of all individual questions are listed.

The scanner has also recorded all the written comments, and these will prove valuable for you. If you have any questions about the survey or comments on the results, please contact your school office.

Sincerely,

Trudy Milburn
